Think about tomorrow today! With the 2nd Westphalian Embryo and Broodmare Auction, the Westfälisches Pferdestammbuch has its sights firmly set on the future. Twelve top-class embryos will be up for sale in an online auction. The future aspirants for the show jumping course either come from the genetic mothers or are implanted in recipient mares. A frozen embryo completes the collection. Famous show jumpers like Cornet Obolensky, Chacco-Blue, Dominator Z, Heartbreaker, All Star or Eldorado van de Zeshoek are bred to the best mare lines in Europe. The promising lot is completed by four broodmares and their embryos.

The lot is available for viewing with detailed pedigree information at onlineauction.westfalenpferde.de. Bids can be submitted from today until 7 February. On Monday evening at 7.30 pm, as usual, the Westfälisches Pferdestammbuch will say: "To the first, to the second and to the third", then the final BidUp will start.
